Beginner

Math Tip:
To figure out how much to turn for each pizza pie, divide 360 by the number of times you are repeating.

The number of angles in a circle is 360°. Divide 360 by 6 to find the amount to turn for 6 pizza slices.

Solutions for Logo Blocks:

Solutions for Tiny Logo:

```
DRAW REPEAT 360 [PU FD 100 PD FD 1 PU
BK 101 RT 1] PD
REPEAT 6 [FD 101 BK 101 RT 60]
WAIT 1000
```

```
DRAW REPEAT 360 [PU FD 100 PD FD 1 PU
BK 101 RT 1] PD
REPEAT 8 [FD 101 BK 101 RT 45]
WAIT 1000
```

```
DRAW REPEAT 360 [PU FD 100 PD FD 1 PU
BK 101 RT 1] PD
REPEAT 12 [FD 101 BK 101 RT 30]
```

Solutions for Logo:

```
STAMPOVAL 100 100
REPEAT 6 [FD 100 BK 100 RT 60]
WAIT 1000
CS STAMPOVAL 100 100
REPEAT 8 [FD 100 BK 100 RT 45]
WAIT 1000
CS STAMPOVAL 100 100
REPEAT 12 [FD 100 BK 100 RT 30]
```
