

Student Activity 10: Exploring Materials

Look at various objects made of different materials using Flexi-Scope.
How are they the same? How are they different?

What types of paper can you find? Collect them and take a closer look at them using Flexi-Scope.

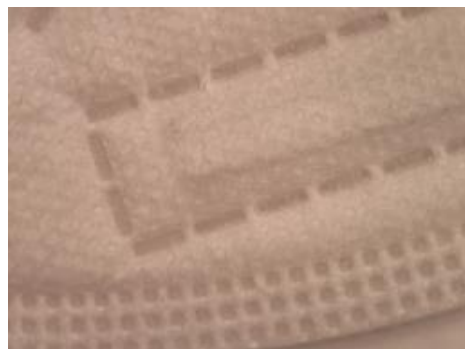

There is paper you can write on, such as the lined paper shown above.
There is paper that you don't want to write on, such as money.

Find things made of metal, such as these objects and look at them using Flexi-Scope:

Here are two pieces of fabric. How are they different?

What other types of materials can you study using Flexi-Scope?
