## **Student Activity 1: Meet Tuff-Bot**

Your teacher has introduced you to Tuff-Bot.

Have you used another type of robot before?

How does Tuff-Bot seem different?

How is it the same?

Your teacher can print out a Tuff-Bot Journal page that you can use to write down your experiences with Tuff-Bot.

Write down your first impressions in the Journal.

Draw a picture of Tuff-Bot in the Journal.

Start to think of the things you can do with Tuff-Bot.

Write them down in the Journal.

| Student Tuff-Bot Journal: For All Activities  Use this sheet to record your observations about your experiences with Tuff-Bot. |                |               |

Next, we will use Tuff-Bot and you can see how it works.

Let's go!
